

Grade Two News

March 2018

February was a busy month filled with skating, Valentine's day fun and our school talent show.. We were very proud of our grade 2 students talent show performance, well done Mrs. Abt and all grade two students.

We will enjoy our last **skating** day on Friday March 2. Please ensure your child brings their skates, helmet, snow pants and mitts. We will leave the school at 1:00 pm and return at approximately 2:30 pm. If you are able to assist students with tying of skates please meet us at the indoor arena at 1:15.

If your child signed up for our **school skiing program**, March 1 is our second ski day. Please ensure your child has snow pants, mittens, extra snacks and water. March 1 is also the 100th day of school, students who are not skiing will enjoy a day full of 100 day fun.

We are excited to welcome our **Artist in Residence**, Debra Bryan, who will be working with all students to create a ceramic tile mosaic. Our Artist in Residence program will be scheduled between March 6 and March 22.

Language: Students in all three classes are continuing to develop their reading and writing skills. Please continue home reading to further develop your child's accuracy, comprehension and fluency.

Math: Students are continuing to learn two digit addition and subtraction. Please take the time to review basic addition and subtraction facts (adding and subtracting to and from 18) to improve your child's ability in this area. Our grade 2 website pesgrade2.weebly.com has a variety of online games to help your child with adding and subtracting skills. Students will also start working on measurement using non-standard units.

Science Ms. Allen's class is finishing up the unit on Boats and Buoyancy. Students will be creating a boat on their own. Please watch for an information package to be coming home soon. **Mrs. Wessner's** class will complete their study of Hot and Cold temperature the last week of Feb., first part of March. We will begin Boats and Buoyancy for the remainder of the month.

In **Mrs. Abt's room** we are finishing up the exciting topic of magnetism and the kids will be working on designing, and building a toy or game that includes magnets.

Social We are continuing our study of the culture of Meteghan, NS (Acadian culture). Thank you to Ms. Comeau for sharing her pictures and Acadian cultural foods.

*****PLEASE NOTE*****

Student progress reports (L.A. and Math) will be sent home on March 8.
Parent-teacher interviews are the same evening.

Your child's teacher will contact you if they feel it is necessary to schedule a meeting to discuss your child's progress report.
